

Names: Nishesh Saikrishna, Peter Murphy, Benjamin Hurt

We are running into this error when trying to do this activity. During class, a TA gave us instructions to just submit the error message as a screenshot. After the class, I asked the professor and the professor told me to do this as well.

```
nisheshsaikrishna@Nisheshs-MacBook-Pro BrowserAutomation % node duckduckgo.js
node:internal/process/promises:279
    triggerUncaughtException(err, true /* fromPromise */);
    ^
